

COMPETENCY MOVEMENT

2016-2024

About CIGI

Centre for Information and Guidance India is the outcome of a series of deliberations by educationists, intellectuals, technocrats, sociologists, and community leaders, concerned at the deplorable plight of the deprived segments of the society. It celebrates three decades of meaningful intervention for empowering the weaker segments of the society. CIGI is jubilant to have crossed three decades milestone of active, committed grassroots social development.

Centre for Competency Development (C4C)

Centre for Competency Development is an innovative project established as a part of celebrating CIGI's two decades of meaningful intervention in empowering the weaker segments of society. In 2016 CIGI took the initiative to set up 100 Centres for Competency Development (Mission 100C4C) at the grassroots level in various parts of the state. The idea of Mission 100C4C is an end result of deliberations and constant dialogues among think tanks of CIGI on the lack of competence in students and job seekers from all streams who are pursuing their higher studies or looking for a job.

The project was built on a belief that the accomplishment of this mission would provide a solution for this affecting condition and lead to a massive transformation in the current occupational and educational state of the community. By 2019, CIGI successfully completed this mission of implementing 100 centres and the project is still continuing through various activities for developing competence among the community.

A Centre for Competition instituted under C4C is basically an independent centre accredited to and monitored by CIGI and is envisioned to enhance the competency of students, nurture their talent, develop their skills, and direct them in their pursuit of a better life and career.

Inaugural Ceremony of Centre for Competency Department (2016)

Centre for Information and Guidance India (CIGI) has launched a new innovative in the year 2016 with the aim of accomplishing transformation in the current occupational and educational state of the community. The program began with the warm welcome by Mr. T Saleem, and was presided over by Mr. P A Abdul Salam. The program was inaugurated by Mr. K T Jaleel, (Then Minister of Higher Education, Welfare of Minorities, Wakf and Hajj). Minister declared Mission 100 c4c as part of the program. He opined that student must settle on their career based on their aptitude and interest for achieving higher academic excellence in their education and career. As part of the program, Corporation chairman Adv.Girish inaugurated Career Guidance Project and the project was presented by Dr. Z A Ashraf. Certificate Distribution for Diploma in career guidance counselling (DCGC) was distributed to student completed their DCGC course. The program was concluded by delivering vote of thanks by K P Lukhman.

Mr. K T Jaleel, (Then Minister of Higher Education, Welfare of Minorities, Wakf and Hajj) Inaugurated Centre for Competency Department

Talent Tree

Talent tree is the sub division of the project C4C, which aims to make the secondary level students to the world of competitive and to make them capable for the self-sustaining through pre-planned modules.

Trainers training Program

Calicut Chapter (29-09-2017 – 01-10-2017)

Trainer's training was the first level of residential program which was conducted under the project 'C4C'. The mission and objective of the program were to re-define the structure, function and resource person for the Talent Tree under efficient trainers as in the form of process methodology and in an obedient task-oriented intensive output. Program was conducted at various centres as the southern chapter and Calicut chapter. Calicut chapter was held at CIGI HQ from 29-09-2017 to 1-10-2017.

By god's grace, the program has got a huge number of registrations and over excess has been sorted further to get more sincere participants from the applicants. After shortlisting 49 strong participants were selected from different ages and finally after three days of intensive camp, we have selected convenient 20 faculties who can handle whole modules or partial modules. Mr SirajudheenParambath, Mr Ashraf Kumaranalloor and Mr Vahab Irikkoor' lead the training.

NMMS Exam Coaching

National Means-cum-Merit Scholarship (N.M.M.S) coaching program was a seven- day residential camp for the students who are pursuing 8th standard, and it was the scholarship given by the government and rented toward the students those who are studying in government school and should not be comes as government employee's son/ daughter. It was sorted in to three spell and each spell has two definite days. We have got '74' charming students and literally the camp was a huge success with positive feedback from the students and from the parents. We had huge gratitude for the venture.

Spells

First Spell - 7 & 8 October

Second Spell - 14 & 15 October

Third Spell - 21 & 22 October

Mission

The main mission and objective of the program was to enable the students and help them qualify by giving proper coaching and tasks. The result of the exam is awaiting.

Students of NMMS Camp 2017

KAS Coaching

KAS is a new initiative introduced by Kerala Government which can be explained as state version of IAS (Indian Administrative Service). The officers for this post will be recruited by Kerala Public Service Commission through KAS examination. Like Indian Administrative Services, KAS is also very dynamic and powerful post. CIGI decided to conduct a coaching program as two batches such as Residential Batch and Holiday Batch for the enthusiastic candidates who are keen to crack KAS examination. In account to that, CIGI conducted an entrance examination to selected candidates. More than 300 people were attended the examination and 40 candidates each were selected for each batches respectively. The successfully going coaching programs were temporarily discontinued due to lagging in announcing notification regarding with KAS by Kerala PSC.

COMPETENCIA: Mission 100 C4C Centre Closing Ceremony

Formal Closing program of Mission 100 C4C project was held on 2nd October 2019 at CIGI HQ. Prof. A.P Abdul Vahab (Chairman, Kerala state minorities Development Finance Corporation) inaugurated the function and Mr. P.C. Musthafa (Co-Founder & CEO, iD Fresh) Mr. P.A Abdul Salam (President, CIGI), Dr. Z.A Ashraf (General Secretary, CIGI), Er. Muhammed Kutty (Vice President, CIGI), Mr. Nishad A.K, Dr. N.P. Hafiz Mohammed were attended the programme. Mr. K.A Muneer thanked the Ceremony.

Quality In Higher Education: A Table Talk 1

As a first step of Kerala Administrative Service (KAS) Exclusive Coaching and Quality in Higher Education, CIGI conducted a discussion on 31st July 2019 at Hotel Medora Calicut. CIGI General Secretary Dr. ZA Ashraf, Vice President Dr. Yaseen Ashraf, Secretary Mr. T. Salim, CIGI International Co-ordinator Mr. Abdul Majeed, CIGI Project Directors Mr. Abdul Muneer K, Mr. Latheef Ponnani and College Principals & Management Members of Selected Colleges and State Representatives of various Community Organisations were participated in discussion. After the presentation a common discussion was held on KAS and College excellence. All the participants had same opinion that education is very important for community development but the representation of Backward community in Competitive examinations like IAS, PSC etc and an exclusive training for KAS is needed to ensure the representation of students and had opinion to start coaching in CIGI HQ.

Centres and the community institutions can be used to aware and motivate students and parents. The discussion was very effective and had many plans to conduct exclusive coaching for KAS and increase participation of students in Competitive examination.

Table Talk II

As a review of Table talk I which was conducted at Hotel Medora on 31st July 2019, CIGI conducted a second phase Table talk II on Kerala Administrative Service (KAS) Coaching and orientation and NAAC/SAAC accreditation of colleges and Research promotion on 20th November 2019 at Hotel Asma Tower, Calicut. Despite facing challenges such as initial low turnout due to limited awareness of the program, the initiative ultimately attracted many students, fostering enthusiasm about potential career paths in government. Participants were provided with a comprehensive resource booklet outlining essential competencies and pathways to government employment, a useful tool for their future endeavours. The program not only educated students but also inspired them to consider the benefits of a career in public service. Dr Vidhya, School career cell coordinator welcomed, with 430 plus one student participating and conducting tests.

C-IDEA 3 DAY RESIDENTIAL CAMP

A session by Hadi NV on the topic 'Knowing Your Passion' highlighted the importance of aligning one's passion with long-term goals and desired impact. He emphasized that understanding one's passion provides the necessary direction and motivation for future success. During the programme, students visited the National Institute of Technology (NIT), where they interacted with Assistant Professor Dr. Kumaravel S. and members from various departments, including Mechanical Engineering, Robotics, Civil Engineering, and Electrical Engineering. Additionally, the students visited the Planetarium, where they learned about buoyancy, weight, and mass in the outer space system, gaining practical insights into these scientific concepts.

The event also featured a session by Shameer Oniyil on 'Science Miracles,' where he demonstrated scientific laws and reactions through his captivating experiments. On the final day, Jafar Sadiq conducted a session on various educational options, career paths, courses, and universities, which guided students in navigating their career choices. The last session, led by Hussain P.A., focused on helping students set personal and academic goals, providing them with the tools to plan for their future success.

NIT VISIT AT CALICUT

the guidance of Assistant Professor Dr. Kumaravel S, students had the opportunity to interact with faculty members from various departments at the National Institute of Technology (NIT). They explored advanced technologies such as the solar-based STATCOM controller and Power System SCADA simulator, gaining detailed insights into these systems. The students also learned about the working mechanisms of petrol and diesel-powered vehicles in the Mechanical Engineering department and the uses of cement in construction from the Civil Engineering department. A key highlight was the encounter with the humanistic robot "NAO" from the Robotics Department, offering students valuable exposure to robotics and its potential applications in various fields.

PLANETARIUM VISIT AT CALICUT

The Planetarium offered a fascinating exploration of science, showcasing displays of the solar system, ocean bed, and natural ecosystems. The astronomical audiovisual observatory featured a hybrid show about stars, constellations, and planetary movements, helping students better understand the solar system. Various models demonstrated concepts like buoyancy, weight, and mass in outer space, while also highlighting the causes of natural phenomena. The parks and rides provided a hands-on, experimental approach to understanding these scientific theories.

CIGI SUNRISE FELLOWSHIP BATCH

CIGI initiated a fellowship program aimed at supporting SSC CGL candidates in their preparation, launching three batches over the past three years. A total of 40 fellows have benefitted from this program, receiving comprehensive guidance and resources to enhance their chances of success. To facilitate their preparation, 15 camps were conducted, covering various aspects of the SSC CGL exam, including strategy building, mock tests, and doubt resolution. These camps were designed to create a focused and supportive environment for the candidates, helping them stay on track with their preparation.

The hard work and dedication of the fellows have yielded positive results, with 16 candidates from the fellowship program successfully qualifying for the SSC CGL 2024 Tier-1 exam. This achievement highlights the effectiveness of the program in providing candidates with the necessary tools and support to excel in one of the most competitive exams in India. The fellowship program continues to be a valuable initiative, empowering candidates and ensuring their success in the SSC CGL exam.
